COMBINED DEBURRING BRUSHES

www.cibo.be | info@cibo.be | Belgium

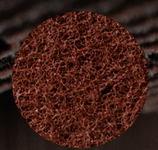

COMBINED DEBURRING BRUSHES

Deburring brushes remove primary and secondary burrs and neatly round the edges of sheet material. They are available in various grit sizes for steel, stainless steel, aluminium, galvanised and coated sheets. The double-row version offers more abrasive material and a more even pressure distribution. Suitable for wet and dry deburring machines, angle grinders and flexible shafts.

The linen provides an extremely aggressive cut, while the tex flaps reduce scratch depth and offer additional control.

Aluminium oxide abrasive cloth

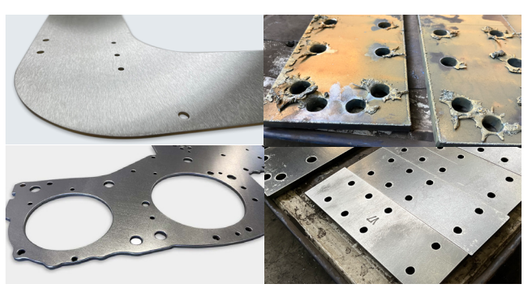

Aluminium oxide tex

APPLICATIONS

- **Deburring** of laser-cut, milled and flame-cut sheet material
- Creating grinding / sanding **structures**

GRAINS

40 - 60 - 80 - 120

WORKPIECE MATERIALS

- Steel
- Stainless steel
- Aluminium
- Brass
- Copper
- ...

SPECIFICATION

Edge rounding of workpieces on both outer and inner contours.

COMBINED DEBURRING BRUSH (Ø 155)

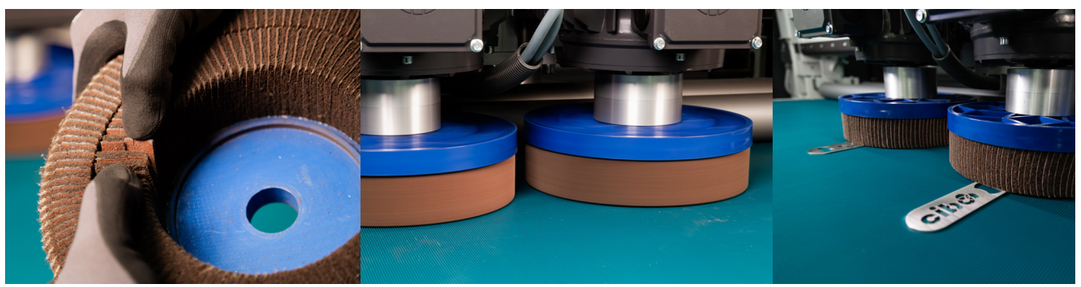

dimensions	direction	bore	grain	code	max. RPM	color	
Ø 155 x 25	right	25	40	**CDA2/40/15050/R**	1600	brown	1
		25	60	**CDA2/60/15050/R**	1600	brown	1
		25	80	**CDA2/80/15050/R**	1600	brown	1
		25	120	**CDA2/120/15050/R**	1600	brown	1
	left	25	40	**CDA2/40/15050/L**	1600	brown	1
		25	60	**CDA2/60/15050/L**	1600	brown	1
		25	80	**CDA2/80/15050/L**	1600	brown	1
		25	120	**CDA2/120/15050/L**	1600	brown	1

COMBINED DEBURRING BRUSH (Ø 260)

dimensions	direction	bore	grain	code	max. RPM	color	
Ø 260 x 30	right	30	40	**CDA2/40/26050/R**	1200	brown	1
		30	60	**CDA2/60/26050/R**	1200	brown	1
		30	80	**CDA2/80/26050/R**	1200	brown	1
		30	120	**CDA2/120/26050/R**	1200	brown	1
	left	30	40	**CDA2/40/26050/L**	1200	brown	1
		30	60	**CDA2/60/26050/L**	1200	brown	1
		30	80	**CDA2/80/26050/L**	1200	brown	1
		30	120	**CDA2/120/26050/L**	1200	brown	1

DEBURRING MACHINES

DiscMaster

RotoMaster

BeltMaster

SwingGrinder

Cibo's deburring machines ensure a high-quality finish on cut workpieces by efficiently removing burrs and sharp edges.

CUSTOM FINISHING

Perfectly matched to your metalworking process

Cibo designs and manufactures all abrasive materials in its own production facility. This allows us to deliver deburring brushes that perfectly match your specific application—regardless of the metal or the process. Our custom solutions guarantee maximum efficiency and a perfect final result in any industrial environment.
